

Ettie Gutshall, (Died 15 Feb 1900), Newport News, Thursday, February 22, 1900

Ettie Gutshall, second daughter of **Joseph** and **Annie Gutshall**, after several weeks sickness died at her home on Thursday last of typhoid fever, the same affliction that carried her father to his untimely end some two months ago. She was aged about 11 years and leaves an afflicted mother, who is at present confined to her bed, and several sisters and brothers to mourn her loss. The grim reaper of death is playing havoc in this once happy home. First a father and now daughter has passed from that circle leaving a gap that will never be closed on this side of eternity. The afflicted mother, who about a week ago gave birth to a child, was unable to attend to the wants of her darling child, who in her delirium would repeatedly call for her mother. She was carried to her resting place on Saturday by six of her school girl companions and placed beside that of her father in the Blain Cemetery, Rev. J.B. Lau conducted the funeral services.
